

→ The future of urgent care at the Friarage: Have your say...

Join us for one of our public consultation events during September - December 2019

To ensure we provide the best possible sustainable care to our local communities, we have developed two options for local urgent care and a vision for the future of the Friarage Hospital.

There are two proposed options for the future of local urgent care:

OPTION 1

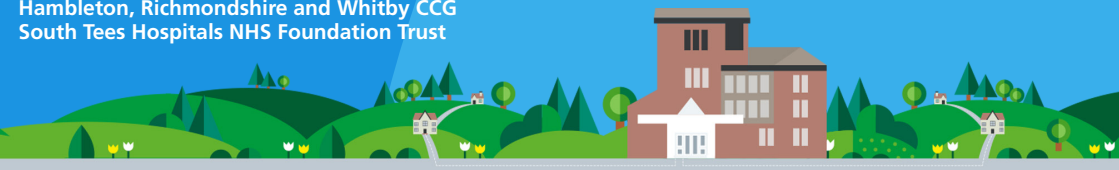

- A 24 hour 7 day a week Urgent Treatment Centre for adults and children with minor injuries and minor illnesses

OPTION 2

- A 16 hour Urgent Treatment Centre for adults and children with minor injuries and minor illnesses open 7 days a week, 8am to midnight

Both options also include:

- A consultant-delivered acute medical service, seven days a week
- Repatriation of patients to the Friarage for care closer to home
- Elective (planned) surgery for day case and short stay inpatients

Everyone is invited. We would encourage you to book in advance to attend. Please register online or by phone using the contact details below:
