**STATEMENT OF COMPLIANCE**

Hambleton Richmondshire & Whitby CCG has undertaken a self-assessment against required areas of the [NHS England Core Standards for EPRR v5.0](#).

Following assessment, the organisation has been self-assessed as demonstrating the Substantial compliance level (from the four options in the table below) against the core standards.

<b>Compliance Level</b>	<b>Evaluation and Testing Conclusion</b>
Full	Arrangements are in place and the organisation is fully compliant with all core standards that the organisation is expected to achieve. The Board has agreed with this position statement.
Substantial	Arrangements are in place however the organisation is not fully compliant with one to five of the core standards that the organisation is expected to achieve. A work plan is in place that the Board or Governing Body has agreed.
Partial	Arrangements are in place however the organisation is not fully compliant with six to ten of the core standards that the organisation is expected to achieve. A work plan is in place that the Board or Governing Body has agreed.
Non-compliant	Arrangements in place do not appropriately address 11 or more core standards that the organisation is expected to achieve. A work plan has been agreed by the Board or Governing Body and will be monitored on a quarterly basis in order to demonstrate future compliance.

Where areas require further action, this is detailed in the attached core standards improvement plan and will be reviewed in line with the organisation's EPRR governance arrangements.
